**Global tube and packaging supplier Unette Corp. selects UCG's VAULT400 BaaS**

**INDEPENDENCE, Ohio** (March 26, 2015)—United Computer Group, Inc. (UCG), an information technology services firm, is pleased to announce that Unette Corporation, headquartered in Randolph, NJ, has selected UCG's VAULT400 BaaS as their cloud backup provider.

Unette Corporation's IT manager, Christopher Doscher, conducted a lengthy search before choosing VAULT400 BaaS to protect business-critical data on their IBM Midrange System. With VAULT400, they are now backing up daily, weekly, and monthly in addition to their annuals. The data is compressed, encrypted and sent to UCG's secure, off-site, HIPAA compliant data center in Cleveland, Ohio as well as their data center in Atlanta, Georgia for a second replication.

With VAULT400, data is available for immediate, user-initiated restore 365x24x7. In the event of disaster, Unette will receive Hardware Disaster Recovery Quick Ship free of charge from United Computer Group, Inc.

**About United Computer Group, Inc. and VAULT400 BaaS**

[ucgrp.com](http://ucgrp.com) • [vault400.com](http://vault400.com)

UCG provides cost-effective technology solutions including IBM P8 Servers (PROD, TEST, DEV, BaaS, DR and H/A), storage, and managed services in addition to a wide range of related products and services, all customized to fit the needs of their clients' current needs and future growth. Founded in 1987, UCG is an IBM Advanced Business Partner specializing in mid-market and enterprise clients. UCG has been rated in the top 1% of IBM Business Partners nationwide.

UCG's VAULT400 BaaS is a premier managed risk mitigation and business continuity planning service for secure online backup and disaster recovery. VAULT400 backs up an entire organization's business-critical data to UCG's secure data centers. Safe and off-site, the encrypted data is available online at all times for immediate, user-initiated recovery. VAULT400 works seamlessly within an organization's existing infrastructure with no additional hardware required.

**About Unette Corporation**

[Unette.com](http://Unette.com)

Unette Corporation, the originator of single-use tubes, has produced tubes since 1955 and continues to increase its production capabilities. In the beginning flexible packaging was Unette's only offering and continues to be a strong part of its sales today.

Unette has also expanded into the European market, establishing an exclusive licensing agreement with Packaging Services Unette, Ltd. in Manchester, England. The new facility opened under the name Unette European Operations.
